THE LAKE BRUCE CONSERVANCY DISTRICT NEWS

The Lake Bruce Conservancy District held its monthly meeting Thursday, January 12, in the Kewanna-Union Township Fire Department's community room. Four of the five directors and five freeholders were in attendance.

On a unanimous vote, the minutes of the November meeting and the treasurer's report were approved. Chairman Norm Steigely went through correspondence received during the month and noted that the State Board of Accounts has contacted the District to let them know that it is time for its audit that occurs every three years. He also announced that applications for LARE funds for dredging and weed control have been made to the DNR and that the time deadlines were met.

A draft of the plan for sediment removal was received from J.F. New, with the completed agreements made with land owners for the sediment basins. Each board member had previously received a copy of this draft and no changes were suggested at this time.

Although not in attendance, Steve Fralish from Wighman-Petrie has made contact with the board to let it know he is looking at some new technology for sewage treatment to find which one will be most cost effective for the District. He is looking at Conventional - Extended Aeration, Oxidation Ditch (Concrete Tanks), and Membrane Bio-Protector. It looks as though one of the last two will prove to be best for Lake Bruce. Each will require different configurations as to shape that will come into play when looking at the land requirements. He plans on having the Preliminary Engineering Report (PER) ready for the board to look at by the February 16th meeting.

Contact has been made with the Fulton County Surveyor about the cleaning of the two sediment traps on Baker Ditch. He stated it is only necessary that contractor let him know in advance that he would be cleaning out the traps. He also stated that the sediment traps on Overmyer ditch are on their normal maintenance program. However, we must pay for the cleaning out of the ones on Baker Ditch. This information was relayed to Ingram Excavating and they were given the go ahead on this project.

Steigely gave a report on the meeting he had with Cecil Rich and Bob Robinson of the DNR and Tony Cunningham of Weed Patrol, Inc. on December 22. The report stated that he was not encouraged about the attitude of the DNR officials concerning the lake and especially the proposed dredging project.

ALICE GARNER HOUSE

Former Kewanna resident Alice Garner House, 86, of Council Bluffs, Iowa, died at 2:25 p.m. Monday, January 16, 2006, at Mercy Hospital, Council Bluffs.

Born July 26, 1919, at Leiters Ford, she was the daughter of Clyde and Grace Garner. She was a 1937 graduate of Kewanna High School. After graduation, she married Leslie C. House November 23, 1941. He died October 3, 1984. During the war years, she worked various positions in South Bend. She later worked at Mosher's Grocery, Houser's Supermarket and finally the MarLo Restaurant, all in Kewanna. Alice was a great railroad mom, always getting up at any hour for uncles, cousins, or her son to fix meals, drink coffee and visit. After a heart attack in 1984, she was a homemaker and

worked in Fulton County as a volunteer with the Senior Citizens group. In 1999 she was recognized as Fulton County's Area 5 "Volunteer of the Year". She attended the First Baptist Church in Kewanna.

Alice was diagnosed with Alzheimer's in late 2001 and relocated to Council Bluffs, Iowa, to reside with her son, Gary. She continued to enjoy walking,

gardening and yard work until last summer 2004. After several hospital visits and a broken hip in October 2005, she became a resident of Midlands Living Center, Council Bluffs, until her last illness.

She is survived by her son, Gary, Council Bluffs, Iowa; nieces, Karla DePue, Winamac, Jenny Craig, Logansport and Vicky Scantlen, Warsaw;

nephews, Tom Garner, Kewanna, Alan Garner, Kansas City, Missouri, their spouses, children and extended family. She was preceded in death by her parents, husband, four brothers, Dick, Chester Dale, Leonard and

Burdette Garner, aunts, uncles and several cousins.

Funeral services will be held at 1:30 p.m. Saturday, January 21, 2006, at the First Baptist Church, Kewanna. Pastor John W.

Cochran will officiate. Final disposition will be in the Kewanna Citizens-IOOF Cemetery. Friends may call from 4 to 8 p.m. Friday and 8 a.m. to noon Saturday at the Harrison-Metzger Funeral Home, Kewanna Chapel, and one hour before the time of service at the church. Expressions of sympathy may be made to the American Heart Association.

2004-05 School Corporation Annual Performance Report**General Explanations**

This is a report on the performance of schools and school corporations (districts) in your area. The goal is to give you information to tell you what progress schools are making to help students learn more.

There are additional indicators that are available to you on the Indiana Department of Education's Web site (www.asap.state.in.us), including data broken out by different student subgroups, such as race, gender, income level and special education.

The data in this report have been supplied by the Indiana Department of Education and local school corporations. The report provides the most recent data available.

Indiana educators and citizens have developed higher academic standards for all students. These standards are necessary to prepare Indiana students to be successful in life, whether they go directly to higher education or to the workplace. The scores for ISTEP+ are listed under each school to reflect student progress toward those standards. For high schools, you also will see graduation rates and the percentage of graduates who plan to go on to college.

Other important information is provided, such as average attendance rates and indicators of school safety, including expulsions and suspensions.

Also included is information about your school corporation, such as how much is spent, on average, for each student; how much teachers are paid; and the percentage of corporation students who are in special education classes or gifted and talented classes.

If you have any questions about this information, you should contact your local school corporation or contact the Department of Education at 317-232-6611 or by e-mail at ap@doe.state.in.us

Annual School Performance Reports

January 2006

Letter to the Editor:

On every level, education is an essential investment for the future. Individuals' level of educational attainment will set the course for their lives. Collectively, a community and a state offer opportunities for jobs, progress, and growth, based in part on the educational attainment of citizens. As any smart investor will attest, using the latest and most accurate information available to regularly monitor

progress is the best way to make informed decisions and receive the best return on that investment. With that in mind, the Indiana Department of Education, local schools, and newspapers across the state work together each year to publish report cards on the performance of our school corporations and schools of Indiana between January 15 and 30. The reports include the most recent data available on test scores, attendance rates, school safety, teacher salaries, the average amount of money spent on each student, and more. To measure progress over time, four years of school data are provided for comparison. The Annual Performance Reports are one part of a continuing effort to encourage

Hoosiers to become more knowledgeable about their schools and for schools to become more accountable to the public they serve. To provide an even clearer picture about Indiana's schools, our Department makes even more detailed information available year-round on our Accountability System for Academic Progress (or ASAP) Web site at www.asap.state.in.us. ASAP provides information beyond what is possible on the printed page, allowing anyone to access a multitude of data, graphically display the results, and even compare schools based on a variety of characteristics. I encourage every Hoosier to review the performance report for the schools in your community, and then take the time to visit

your local school to find out what you can do to help make a difference. We have set high expectations in Indiana, and despite less than ideal economic circumstances, our schools are producing results. Indiana's students are achieving more than ever before, but they cannot do it without the support of their families and communities and neither can our schools.

Dr. Suellen Reed
Supt. of Public Instruction

State Representative Gutwein's Comments on Governor's State of the State Address

(STATEHOUSE) January 11, 2006 – "I support the Governor and his 10-year comprehensive plan to improve Indiana's economy and create job opportunities for Hoosiers. I applaud his efforts to eliminate Indiana's transportation gap, to find ways to bring more money toward instruction to classrooms, and reduce property taxes throughout the state. In 2005, the Governor and the Indiana legislature passed the first honestly balance budget in ten years and 59 legislative initiatives. I hope we can continue to work together to have another successful year."
